SUPPLEMENTS PRODUCT DISCLAIMER

Because many of our products are natural food supplements, the statements about the products have not been evaluated by the Food and Drug Administration. This independent distributor does not engage directly or indirectly in diagnosing, dispensing medical advice, or prescribing the use of any of our products as a treatment for disease or sickness. One should always consult a primary care physician/health practitioner of choice when considering supplementation for health purposes, especially when undergoing treatment for an existing condition. Pregnant individuals should also consult a physician before beginning supplementation.

NOTICE

The information on this website is for informational and educational purposes only. It is not an attempt by the writers or publisher to diagnose or prescribe, nor should it be construed to be such. Readers are hereby encouraged to consult with a licensed health care professional concerning the information presented, which has been received from sources deemed reliable, but no guarantees, expressed or implied, can be made regarding the accuracy of same. Therefore, readers are also encouraged to verify for themselves and to their own satisfaction the accuracy of all reports, recommendations, conclusions, comments, opinions, or anything else published herein before making any kind of decisions based upon what they have read. If you have a medical condition, please consult your medical practitioner.
